

Join us for a Journey Workshop!

Painting in IRELAND

September 3—13th, 2022

Perched on the northwest tip of Europe is Ireland, land of ancient myths and amazing landscapes. Follow the map to where the country's three boney fingered peninsulas jut out into the Atlantic and you'll find County Cork with its windswept coastline riddled with colorful seaside fishing villages. Nestled there is KINSALE, a quaint little harbor town bursting with color and charm. This is our home base for the workshop and it abounds with wonderful subject matter! From here we'll venture out to other locations for some day trips, along with two spectacular overnights.

Barbara Barrett will be our hostess. She's a wonderful artist and teacher who makes her home in Kinsale.

We will work both in the studio and on location. Our days are relaxing and informative (with lots of good food and laughing in the mix). If you are a first-time plein air painter (and afraid) you'll find it painless! Advanced painters will discover new techniques, creative solutions with color & design and lots of inspiration. There will be demos, handouts and personal attention. Whether you want to improve your skills, create a travel journal or take that next step as an artist, you'll come away *excited and inspired* about your artwork. The best part, though, is the camaraderie. Learning from each other, sharing our adventures and painting incredible memories.

Our two "away" stays:
